

Addiction Support

Are you newly recovering from an addiction to alcohol?

If so, you are invited to join a research study looking at how technology can help individuals struggling with alcohol addiction stay sober.

The Addiction Research Center at the University of Wisconsin-Madison is studying ways to better assist individuals with alcohol addiction through the use of mobile health technology.

If you join, you will:

- Get an iPhone to use for three months with unlimited talk, text, and data at no cost to you. The phone is yours to keep when you finish the study.
- Have access to a recovery app called A-CHESS.
- Receive additional addiction support.
- Make 5 visits to our Center over three months.
- Earn up to \$545 for your participation (in addition to the free phone and 3 months of service).
- Know that you are helping others in recovery from alcohol addiction.

Who can join this research study

Anyone who:

- Is over the age of 18
- Is newly recovering from an addiction to alcohol (1-8 weeks without drinking any alcohol)
- Can read and write in English
